## **"Be Ye Holy for I am Holy!"** **(The Empowered Home School)**

**Keynote Texts:** *"But [the child] is under tutors and governors until the time appointed of the father" (Gal. 4:2). "Fathers, do not exasperate your children; instead, bring them up in the training and instruction of the Lord" (Eph. 6:4). "May the God of hope fill you with all joy and peace in believing, so that by the power of the Holy Spirit you may abound in hope" (Rom. 15:13).*

Sonya Carson was a single mother with two young boys, Benjamin and Curtis. She didn't have more than a third-grade education, struggled with depression, and worked full-time. If there was ever someone without a lot of obvious resources to help her children succeed in their education, it was her. But despite these deficiencies, Sonya creatively and tenaciously mentored her sons to become diligent in their studies. Concerned by how much time they spent watching TV, she required them to read two books and write reports on them each week. That simple discipline fired up the boys' internal motors and led to both academic and professional excellence for both: Curtis became an aeronautical engineer and Benjamin became a neurosurgeon. But it's not the achievements of Sonya's sons that stand out so much as the remarkable way that she treasured God's design for her family, as disadvantaged as it may have seemed. This is what made Sonya Carson's "home education program" successful: she **empowered** her sons with a **vision**, acquired the **tools** necessary to move towards that vision, and implemented a **plan** of how to use those tools.

This year's **extended** Family Leadership Conference will equip your family with the biblical tools needed to follow the vision of home education God has given you for the new school year. It will help dads know how to empower their wives and children through clear objectives and consistent accountability. It will help moms know how to engage their husbands and children by identifying needs. And it will help students succeed in their academics by mastering the skill of... asking for help! Your family will get the opportunity to practice using these tools during our special workshop-style conference, which will include break-out sessions, Q and As, and family activities.

### **Conference Sneak-Peak:**

This year's conference will begin on **Thursday Evening, August 12** with a kick-off family-fun night and hymn sing! On Friday morning, we will have workshop-style sessions and breakouts for dads, moms, and students. On Friday afternoon will have recreation and fellowship, with a special Q & A campfire in the evening. Saturday morning will encompass our usual mandatory portion of the conference, including the school administrative update. We will have a Ladies Tea and Student Council meeting on Saturday afternoon, as well as a Field Day, Old Fashioned Picnic, and Family Testimony time on Saturday evening. We will wrap up Sunday with our usual special morning service.
